Keeping Things Neat

You plant a rosebush by your whiskers green upon its countesense of shame. They'll say, "That fellow's place, so neat, is quite the smoothest on the street; it makes ours look like also-rans, so we'll adopt that smarty's plans, and prove to him that other jays can well deserve the public praise." I've seen a neighborhood that lay all ragged, gone to brush and hay, brace up and bloom to beat the band because some pilgrim, tools in hand, cleaned up his lawn and pruned his trees, and bought some flowers and bumblebees. Thus good examples spur the souls of men who've crawled into their holes, content to let the whole world slide, the tail connected with the hide. WALT MASON.
